

Congress of the United States
House of Representatives
Washington, DC 20515-0102

March 30, 2021

The Honorable Nancy Pelosi
Speaker
U.S. House of Representatives
H232 United States Capitol Building
Washington, D.C. 20515

Dear Speaker Pelosi,

Over the last several months, those of us in Congress and in State Governments have repeatedly expressed our dedication to ensuring that elections in the United States are free, fair, and accurate. We owe the American people nothing less. For this reason, we the undersigned, write to encourage you to uphold the certified election results of Iowa's Second Congressional District.

As you well know, Congresswoman Mariannette Miller-Meeks was declared the winner of the Second District's 2020 Congressional Election by a narrow six-vote margin. This was only after a thorough recount and the certification of the election results by the State of Iowa. Under your leadership, Congresswoman Miller-Meeks was then rightfully sworn in as a Member of the House of Representatives on January 3, 2021.

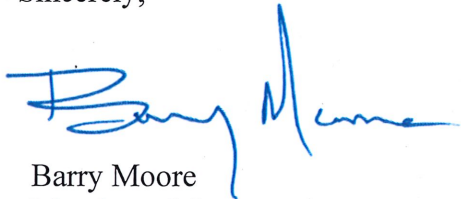

Unable to accept the certified election results, Congresswoman Miller-Meeks' former opponent is now attempting to bypass the Court and use the Committee on House Administration to overturn these election results. These actions are troubling, and your recent remarks stating that there could be a scenario where you would remove Congresswoman Miller-Meeks have only added to our concern.

The votes of Iowa's Second Congressional District were counted, recounted, and certified. As elected officials in the great state of Alabama, sworn to uphold the law and ensure the security of our elections, we believe that removing a sitting Congresswoman and replacing her through a purely political process would create a dangerous precedent with disastrous long-term results. Congresswoman Miller-Meeks' former opponent is merely presenting her grievances to Congress because she believes a partisan review of her case will end in her favor, even though this result would be inaccurate and unfair to the voters in her district.

We have a responsibility to ensure the integrity of our election process, but if we allow a certified election – with no valid allegations of fraud or wrongdoing – to be overturned, how will the voters in Iowa or the rest of the country ever have confidence in our elections again? We urge you to take this into consideration when addressing this matter, and we ask that you do not rob

Congresswoman Miller-Meeks of her hard-earned opportunity to serve the people of Iowa's Second Congressional District.

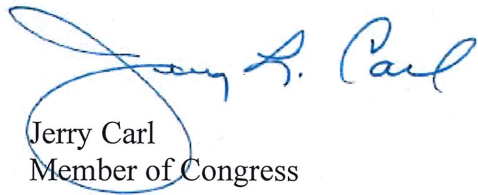

Sincerely,

Barry Moore
